

*Cherishing
the memory
of your
loved one...*

“The Foundation granted me a special wish. We had family come to a catered crab dinner. It brought back fond memories of family dinners in which my husband sat beside me cracking open crab legs for all the kids. Good food and good memories;

I appreciate that!”

– G.H., HOMV Patient

Sharing the Caring Spirit

Many patients do not have all the resources needed to cope with life threatening illnesses. Donations to the Hospice of the Miami Valley Foundation, a 501c non-profit organization, support a wide variety of community-based services, education and research, that assists patients and families in the Greater Miami Valley.

Your Gifts Give Special Moments

- Fulfilling Special Wishes of seriously ill individuals through special outings and supportive experiences. For example, Hospice of the Miami Valley arranged for a patient, who was an ardent Cincinnati Reds fan, to attend a game with our staff as support and met a well known Cincinnati Reds player.
- Brightening the days of a patient who suffered loss of vision after a life-time of reading with audio-books.
- Encouraging patients' spiritual journeys through sacred texts.
- Celebrating milestones in the patient's lives such as birthdays and anniversaries through our "Birthday Club" celebrations.
- Recognizing the service of Veterans through special pinning ceremonies and presentation of flags and recognition certificates.
- Enhancing Alzheimer patients' daily experiences by providing enjoyable sensory-stimulation supplies to reduce anxiety.

Generosity Supplies the Basics

The HOMV foundation helps patients and families who are unable to meet end-of-life financial demands (not covered by Medicare) with:

- Supplying clothing and care-essentials
- Providing mobility items, such as wheelchair ramps, have enhanced patients' daily activities.
- Assisting with emergency funds, for acute basic needs, such as heat and utilities.
- Supporting our unique Community Palliative Care (SolaceCare) program for those with advanced chronic illnesses who need expert assistance to remain at home.
- Comforting those who have suffered losses through monthly grief support meetings in communities we serve, as well as individual counseling and memorial services.
- Educating the public about Advanced Care Planning and End-of-Life supportive services.
- Supporting research demonstration projects for improving End-of-Life care.
